

**GLASGOW HASH HOUSE HARRIERS
COVID PROTOCOLS (FROM 18 APRIL 2022)**

Rules	Advice
If you, or someone in your household is suffering from a respiratory illness, don't come.	Please try to tell us if this happens.
Prior to the run's commencement the hares will highlight any unusual risks (Covid or otherwise) that the pack should be aware of.	This could include narrow passages, gates or styles, difficult or potentially dangerous terrain, busy roads, livestock, poisonous plants, wildlife etc.
Avoid unnecessary physical contact with others.	Especially non consensual.
Try to keep away from, and be courteous to other users of the event site.	Try to avoid altercations.
An IOU system is established for those who don't want to handle physical cash.	Hash cash will request settlement by bank transfer if the amount owing becomes significant (e.g. over £10). When there is no communal circle GH3 is incurring no expenditure, so there is no need to charge a run fee.
The post run circle will be decided by the pack after the run. This will depend on matters such as the weather, the proximity of a welcoming pub. On site circles will take place if there is no obvious pub to go to, the weather is suitable, the midgies are tolerable, we have something to drink, and we would be unlikely to disturb any other users of the space.	Currently, the best option is a pub beer garden but if (a) the weather is bad, or (b) there is no space available, then inside may be a better option unless (c) there is no suitable pub nearby, when an on-site circle, or failing that, a Zoom meeting will be the best option. Down downs will only take place if we are confident the circle will not upset the pub's staff or customers.
We leave the event site as we found it.	Flour blobs don't count!
Anyone seen contravening the protocols will after due warning, be asked to leave.	While hashing often involves silly behaviour Covid-19 is serious, so unnecessary Covid risks can't be tolerated.
While these protocols should make hashing as Covid-safe as possible, GH3 cannot guarantee there will be no spread of the disease.	By attending a run you accept what risk there is.
These protocols will be kept under review.	And can change at short notice.
